

E&P Waste Stakeholder Workshop

Duchesne County Centennial Event Center, at 60 W 400 S, Duchesne, UT
September 8, 2022

Agenda

9:00 am	Introductions and Updates
9:30 am	Waste Management Facility Stability Considerations, Brett Mickelson, P.E.
10:00 am	Workshop: Techniques and Tools for Solidification and Stability
10:30 am	Break
10:45 am	Cell Liners and Pond Conversion Considerations, Mike Vorkink, P.G.
11:15 am	Financial Assurance, Brent Gaschler, P.E.
11:30 am	Open Discussion

We invite waste facility operators to be prepared to share knowledge on techniques and tools that have been beneficial to their operations, specifically in the solidification and stabilization of waste. With your input, the Division will be able to shape clear rules that are safe for the environment and achievable for the industry.

We recommend in-person attendance so that questions and comments may be addressed. A live stream of the event will be made available, but virtual interaction will be limited. If you would like to listen to the live stream, please send an email to dwmrcpublic@utah.gov using the subject line “E&P Waste Stakeholder Workshop Registration” and include the following information:

Name of Attendee
Company or Facility the Attendee Represents
Email Addresses to be Registered

Live stream registrations will be collected until the end of business on Friday, September 2, 2022. A link will be emailed to those registered before the meeting.

We look forward to your participation. Please share this invitation with anyone you know who might also be interested in participating. If you have any questions, please contact Amber Loveland at (801) 536-0259.
